

Myers-Briggs Type Indicator® Certification Program

The Myers-Briggs Type Indicator® (MBTI®) Certification Program prepares you to use and interpret the MBTI® instrument. Training in the MBTI® Step II™ assessment provides more in-depth insight into an individual's personality type and behavior using 20 additional facets. The four-day workshop is highly interactive and provides many opportunities for you to practice presenting the MBTI® instrument and interpreting results in a variety of situations: with groups, with individuals, and in coaching.

The MBTI® Instrument

Trusted by 89% of Fortune 100 companies and taken by 2.7 million people every year in more than 20 languages, Myers-Briggs Type Indicator® (MBTI®) assessment helps people gain insights about themselves and how they interact with others—improving how they communicate, learn, and work. The MBTI® assessment makes Carl Jung's theory of psychological type both understandable and highly practical by helping individuals identify their preferences in four areas.
